7. After section 78 of the said Act, the following sub-heading and sections shall be inserted, namely :—

"*Betterment fee.*

Payment of betterment fee.

78A. (*1*) When by the making of any improvement scheme, any land in the area comprised in the scheme which is not required for the execution thereof will, in the opinion of the Board, be increased in value, the Board, in framing the scheme, may, in lieu of providing for the acquisition of such land, declare that a betterment fee shall be payable by the owner of the land or any person having an interest therein in respect of the increase in value of the land resulting from the execution of the scheme. [*Cf.* 15 Geo. V, c. 16, s. 10 (*3*).]

(*2*) Such betterment fee shall be an amount equal to one-half of the increase in value of the land resulting from the execution of scheme, and shall be calculated upon the amount by which the value of the land on the completion of the execution of the scheme estimated as if the land were clear of buildings exceeds the value of the land prior to the execution of the scheme estimated in like manner :

Provided that, when the Board, in framing the scheme, have declared that a strip of land in the area comprised in a scheme which lies between any building and a street for the laying out or alteration of which the scheme provides, will be permanently retained as an open space, this fact shall be taken into account in determining the value of the land on the completion of the execution of the scheme.

Assessment of betterment fee by Board.

78B. (*1*) When it appears to the Board that an improvement scheme is sufficiently advanced to enable the amount of the betterment fee to be determined, the Board shall by a resolution passed in this behalf declare that for the purpose of determining such fee the execution of the scheme shall be deemed to have been completed and shall thereupon give notice in writing to every person on whom a notice in respect of the land to be assessed has been served under clause (*i*) of sub-section (*1*) of section 45 that the Board propose to assess the amount of the betterment fee payable in respect of such land under section 78A.

(*2*) The Board shall then assess the amount of betterment fee payable by each person concerned who shall within three months from the date of such assessment, inform the Board by a declaration in writing whether he accepts or dissents from the assessment.

(*3*) When the assessment proposed by the Board is accepted by the person concerned within the period specified in sub-section (*2*), such assessment shall be final.

(*4*) If the person concerned dissents from the assessment made by the Board or fails to give the Board the information required by sub-section (*2*) within the period specified therein, the matter shall be determined by arbitrators in the manner provided by section 78C. [*Cf.* 15 Geo. V, c. 16, s. 10 (*4*).]

The Calcutta Improvement (Amendment) Bill, 1931.

(Clause 7.)

Settlement of betterment fee by arbitrators.

78C. (*1*) For the determination of the matter referred to in sub-section (*4*) of section 78B, the Local Government shall constitute a panel of arbitrators consisting of two parts, the first part of which shall be composed of persons having special knowledge of the valuation of land and the second part of other suitable persons.

(*2*) When the Board have, in accordance with the provisions of section 78B, assessed the amount of betterment fee payable by all persons in respect of land in the area comprised in the scheme, the Board shall serve a notice on all those persons who have dissented from the assessment made by the Board, requiring them to meet at such time and place as may be fixed by the Chairman for the purpose of electing an arbitrator.

(*3*) For each scheme there shall be a body of two arbitrators, one of whom shall be elected by vote by all the persons present at the meeting referred to in sub-section (*2*) from one part of the panel, and the other shall be appointed by the Local Government from the other part of the panel :

Provided that for the purposes of a particular scheme the Local Government may, prior to the election referred to in this sub-section, if it thinks fit, modify either part of the panel.

(*4*) In the event of a difference of opinion on any matter between the two arbitrators, a third arbitrator shall be selected by lot from the first part of the panel, and the matter shall be decided by the votes of the majority of the three arbitrators.

(*5*) If an arbitrator resigns, refuses or neglects to perform or becomes incapable of performing his functions, or becomes disqualified or dies, the authority who elected or appointed him shall forthwith elect or appoint a fit person to take the place of such arbitrator. [*Cf.* Bom. Act I of 1915, s. 33 (*7*).]

(*6*) When the arbitrators have made their award under section 78C, they shall sign it and forward it to the Board, and such award shall be final and conclusive and binding on all persons. [*Cf.* Bom. Act I of 1915, s. 37 (*2*).]

Fees for arbitrators.

78D. The Board shall pay to each arbitrator a fee to be determined by the Local Government in respect of the whole of the scheme for which his services are utilized. [*Cf.* Bom. Act I of 1915, s. 39 (*1*).]

Proceedings of arbitrators.

78E. Notwithstanding anything contained in the Code of Civil Procedure, 1908, the provisions of the said Code shall not apply to the proceedings of arbitrators under section 78C, but such proceedings shall be governed by rules to be made in this behalf under section 137. Act V of 1908.

Board to give notice to persons liable to payment of betterment fee.

78F. When the amount of all betterment fees payable in respect of land in the area comprised in the scheme has been determined under section 78B or section 78C, as the case may be, the Board shall, by a notice in writing to be served on all persons liable to such payment, fix a date by which such payment shall be made, and interest at the rate of six per cent. per annum upon any amount outstanding shall be payable from that date.

The Calcutta Improvement (Amendment) Bill, 1931.

(Clauses 8-10.)

Agreement to make payment of betterment fee a charge on land.

78G. (*1*) Any person liable to the payment of a betterment fee may, at his option, instead of making a payment thereof to the Board, execute an agreement with the Board to leave the said payment outstanding as a charge on his interest in the land, subject to the payment in perpetuity of interest at the rate of six per cent. per annum, the first annual payment of such interest to be made one year from the date referred to in section 78F. [*Cf.* Ben. Act V of 1911, s. 78 (*4*).]

(*2*) Every payment due from any person in respect of a betterment fee and every charge referred to in sub-section (*1*) shall, notwithstanding anything contained in any other enactment, be the first charge upon the interest of such person in such land. [*Cf.* Ben. Act V of 1911, s. 78 (*6*).]

(*3*) The provisions of sub-sections (*7*), (*8*) and (*9*) of section 78 relating, in the case of the payments mentioned in that section, to the non-payment of instalments of interest, the paying off of the charge with interest, and the restrictions in respect of suits against the Board shall apply, *mutatis mutandis*, to the payment of the money payable under an agreement made in pursuance of sub-section (*1*) and of the interest payable in respect thereof." [*Cf.* Ben. Act V of 1911, s. 78 (*7*), (*8*), (*9*).]

Ben. Act III of 1923.

New section substituted for section 80.

9. For section 80 of the said Act, the following sub-heading and section shall be substituted, namely :—

"*Acquisition on fresh declaration.*

I of 1894.

10. In section 122 of the said Act, for clause (*a*) the following shall be substituted, namely :—

Repeal of section 14 of the Schedule.

14. Section 14 of the Schedule to the said Act is hereby repealed in respect of all awards made after the commencement of this Act by the Collector under the Land Acquisition Act, 1894, as amended by the Calcutta Improvement Act, 1911, in regard to land acquired for the Calcutta Improvement Trust and in respect of all appeals or proceedings in connection with such awards. [*Cf.* Ben. Act I of 1922, s. 2] I of 1894. Ben. Act V of 1911.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to introduce into the operations of the Calcutta Improvement Trust the procedure of recoupment through betterment fees as an alternative to that at present provided by powers of acquisition and exemption. The present system has been found unsuitable for the improvement of a closely built over area such as Barabazar, where, should exemption not be claimed, it is beyond the financial capacity of the Trust to lock up capital in acquiring large blocks of valuable house property. The whole question was examined by a Special Sub-Committee of the Calcutta Improvement Trust, and it is in accordance with their recommendations which have the approval of the Improvement Trust that a Bill has now been framed for empowering the Trust to levy a betterment fee from property the value of which has increased by the operation of the Trust, in lieu of proceeding to acquisition with the alternative of exemption. The Bill provides for the levy of a betterment fee calculated at 50 per cent. of the difference between the value of the land on the completion of the execution of the scheme estimated as if the land were clear of buildings and the value of the land prior to the execution of the scheme estimated in like manner. The betterment fee will be assessed in the first instance by the Improvement Trust and in the event of this assessment not being accepted the matter will be referred to two arbitrators. These two arbitrators will be chosen from a panel constituted by the Local Government in two parts, the first part being composed of persons having special knowledge of the valuation of land and the second part of other suitable persons. One arbitrator will be selected from one part of the panel at a meeting of persons who have dissented from the assessment made by the Board, while the other will be appointed by the Local Government from the other part of the panel. The Bill further provides for the selection of a third arbitrator by lot in the event of difference of opinion between the two arbitrators. Consequential provisions are made in the Bill, and it is laid down that the imposition of the betterment fee is not to preclude the acquisition of property under the existing powers of the Improvement Trust should the property be required for the purposes of the Act.

The Bill also provides for the repeal of section 14 of the Schedule to the Calcutta Improvement Act, 1911, with a view to make the provisions of section 49 of the Land Acquisition Act, 1894, which deals with the acquisition of a part only of any house, manufactory or other building throughout India applicable to all acquisition under the Calcutta Improvement Act, 1911.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Mining Settlements Bill, 1927, dealing with the reorganisation of the Asansol Mines Board of Health lapsed with the dissolution of the last Council; and it has been decided not to proceed further at present with the Bill as then introduced as it is possible that the recommendations of the Royal Commission on Labour may have an important bearing on this legislation. It is, however, necessary to proceed without delay with the amendment of the existing Mining Settlements Act on two points which were included in the previous Bill.

2. Under the existing Act the expenses are recoverable from the owners of the mines, but cases have occurred in which through change of ownership it has proved impossible to bring home this liability with the result that considerable loss has been caused to the funds of the Mines Board of Health. It is now proposed in clause 4 to make the share of the expenses under the Act payable by any mines a first charge on its profits, and thus attach the liability to the mine rather than to the owner from time to time.

3. The Asansol Mines Board of Health has remained up to the present without any power of making by-laws with the result that rules can only be made by Government on the recommendation of the Board. This procedure is unnecessarily cumbrous and does not give the Board sufficient scope to adjust the rules from time to time and make new provisions as circumstances require. Powers have therefore been taken by clause 6 for the Mines Board of Health to issue by-laws with the approval of Government.

Report on the administration of the Excise Department in Bengal for the year 1929-30.

DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

Excise.

NOTIFICATION.

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

No. 5426Ex.—2nd December 1930.—The following extracts from the report of the Commissioner of Excise and Salt on the administration of the Excise Department in Bengal, during the year 1929-30, are published for general information.

H. P. V. TOWNEND,
Secy. to the Govt. of Bengal (offg.).

No. 3788E., dated Calcutta, the 27th August 1930.

From—RAI S.K. RAHA BAHADUR, Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Government of Bengal, Department of Agriculture and Industries.

I have the honour to submit the following report on the Administration of the Excise Department in the Presidency of Bengal for the year 1929-30.

I held charge of the Department during the year under report except for the period from the 24th April 1929 to the 3rd September 1929, when I was on leave and Rai Bahadur A. K. Mukherjee held charge.

2. **Administrative changes and reforms.**—(1) The Calcutta Excise Licensing Board which exercises the statutory powers of the Collector in regard to the number and location of licences in the city of Calcutta, was reconstituted with effect from the 1st May 1929, consequent on the resignation of the members of the Calcutta Temperance Federation from the Board * * * * *

(2) The Excise Licensing Boards which had been appointed by Government from January 1927, in the districts of the 24-Parganas, Dacca, Rangpur and Chittagong, to exercise the statutory powers of the Collector in regard to the number and location of licences, were reappointed for a further period of 3 years * * *

(3) The Excise Licensing Boards were authorised to control the number and location of "Bar" licences granted to hotels, restaurants and permanent places of amusement * * * *

(4) To prevent all possible difficulties in the industry of manufacture of gur (sugar) from date-palm juice, in the areas where the tree tax system of tari was in force, the previous restriction of liming the pots used in drawing the fresh juice from the date or palm trees was withdrawn and permission was given to draw the juice in pots which were either—

(1) internally coated with a thin coating of lime, or

(2) properly cleaned and smoked,

provided that such vessels were brought down from the trees before sunrise to prevent fermentation * * * * *

(5) Bakhar, the fermenting agent (yeast) mostly used in this country in the manufacture of country spirit and country beer, was declared an "excisable article" and all operations in regard to the article were brought within the purview of the Bengal Excise Act throughout the Presidency, except in the districts of Jalpaiguri and Darjeeling, with a view to secure more adequate check on illicit brewing and distillation * * * * * * *

(6) On the recommendations of the "Bengal Opium Enquiry Committee of 1927," the following measures were taken and brought into effect by Government from the 1st April 1930, subject to further measures that may be taken as the result of the conference on the subject held by the Government of India in May 1930:—

(*i*) The treasury (issue) price of excise opium was fixed at Rs. 91 per seer throughout the Presidency except for some shops of the district of Midnapore close to the border of the province of Bihar and Orissa where the rate was fixed at Rs. 76 per seer, and the retail price of the drug for the consumer was fixed at Rs. 150 per seer throughout the Presidency except in the above shops of the Midnapore district where it was fixed at Rs. 135 per seer.

(*ii*) The limits of individual private possession and retail sale of excise opium were reduced from 3 tolas to 1 tola (180 grains) throughout the Presidency, except in the colonisation area in the Sunderbans in the district of Bakarganj where the limits of retail sale and private possession were fixed at ¼ tola (45 grains).

(7) The following steps were taken for check of increase in the consumption of charas:—

(*i*) The sale of charas to any person under the age of twenty years was prohibited.

(*ii*) The limits of retail sale and private possession of charas were reduced from 5 tolas to 1 tola throughout the Presidency.

(8) The following measures were taken to check the consumption of cheap illicit liquor by the tea-garden labourers in the district of Chittagong:—

(*i*) Special rates of duty and retail price were fixed for 60° U. P. liquor (weak strength) in the tea garden areas.

(*ii*) The issue of annual "home-brewing pachwai" licences to the labourers working in the gardens at the rate of Re. 1 per annum per family was sanctioned.

(9) On the recommendation of the League of Nations on the subject of "Dangerous Drugs," the Government of Bengal directed the introduction of the following regulations during the year:—

(*a*) It was directed that the bottles, phials, packages or other containers, or labels affixed thereto, of all preparations, officinal and non-officinal (including so-called anti-opium remedies) containing more than 0·2 per cent. of morphine, all preparations containing diacetylmorphine and all preparations, officinal and non-officinal, containing more than 0·1 per cent. of cocaine, must plainly exhibit the actual quantity of the dangerous drug present in each container or sufficient particulars to admit of the ready calculation of such quantity * * * * *

(*b*) Exports by sea or land outside British India of excisable articles, covered by the International Dangerous Drugs Conventions, were prohibited except on export authorisations granted by officers authorised in this behalf, and necessary detailed instructions on the subject were laid down

(*c*) Transmission of Indian hemp (including ganja, bhang and charas) or extracts and tinctures of Indian hemp, by post was prohibited except by licensed chemists on condition that the transmission be by "insured parcel post" and covered by a permit from the Collector or other proper authority of the place to which the parcel was addressed.

3. **Temperance movements.**—Besides the work of the temperance organisations in Calcutta, no report of organised attempt towards temperance was received during the year. Reports about temperance work of a sporadic nature were received from the following districts:—

(*i*) *Dacca.*—There was a Temperance Organisation in the city which had a representative on the Excise Licensing Board of Dacca. He gave the Board the benefit of his suggestions. The association did not do any propaganda work during the year.

(*ii*) *Nadia.*—There was no organised temperance movement in the district during the year but there was occasional preaching of temperance by a few Christain Missionaries and Muhammadan preachers.

(*iii*) *Darjeeling.*—The local Christian Missionaries and the Hillmen's Association devoted some attention to the cause of temperance.

4. **Excise Licensing Boards.**—All the Excise Licensing Boards did useful work during the year, and carried on their work with the necessary sense of responsibility and judgment.

The *Calcutta Licensing Board* held two meetings during the year. It retained all the licences of the previous year and sanctioned the following additional licences to meet ascertained local demand for the year 1930-31:—

Foreign Liquor Public "off"	2
Foreign Liquor Public "off" licences to three firms which originally had "trade licences" only.	3
Restaurants	2
Bar license to a new English theatre	1

The Board also approved the transfer of the sites of 3 country spirit, one ganja, one siddhi, 3 restaurant, one hotel and 2 foreign liquor combined shops. They considered and rejected objections made against the sites of 3 country spirit, one tari and one ganja shops.

The privilege of "on" vend was restored to one country spirit "off" shop and the application of another for similar privilege was rejected by the Board.

The Board rejected the following applications for new licences for the year 1930-31:—

Nature of licence.	Number of applications rejected.
Foreign liquor public "off"	6
Restaurants	3
Monthly bar for Cinema House	1
Restaurant with a late-closing licence for a theatre ..	1

The *Howrah Board* considered and rejected the objections made against the sites of 4 country spirit, 3 tari, 2 opium, 2 ganja, 2 siddhi, one charas and one foreign liquor public "off" licences. It sanctioned the transfer of site of one combined ganja and opium shop and recommended transfer of one tari shop to another site if an unobjectionable one were available.

The *Bally Board* recommended transfer of the site of one tari shop if an unobjectionable site were available. It rejected an application for a new combined shop for opium and ganja.

The *Sadar Board of the 24-Parganas district* held three meetings. Two tari shops were abolished and one new combined ganja and opium shop was sanctioned on the recommendation of the Board with effect from 1st April 1930.

The *Barrackpore Board* held three meetings. The sites of one foreign liquor, 3 country spirit and 2 tari shops were changed on the recommendation of the Board from 1st April 1930.

The *Dacca Board* held two meetings. On the recommendation of the Board one ganja shop was abolished from 1st April 1930.

The *Rangpur Board* held two meetings. One country spirit, one opium and one ganja shops were abolished, and one new ganja shop was opened on the recommendation of the Board from 1st April 1930.

The *Chittagong Board* held two meetings. On the recommendation of the Board one tari shop and one pachwai shop were abolished, one ganja, one opium and one tari shops were newly opened, and the sites of 2 tari shops were changed with effect from 1st April 1930.

5. **Excise Advisory Committees.**—In areas other than those mentioned in paragraph 4 above, the local Excise Advisory Committees advised the Collectors of the districts as regards the number and location of excise and opium shops. All their recommendations were carefully considered and most of them were accepted.

Generally speaking, most of the Advisory Committees showed due sense of responsibility and judgment in their recommendations. In a few cases, however, the Committees advocated immediate total abolition of all licences within their areas.

In accordance with their recommendations, one foreign liquor (hotel licence), 3 country spirit, 2 tari, 7 pachwai, 2 ganja and 2 bhang shops were abolished, the sites of 2 foreign liquor "off," 18 country spirit, 4 tari, 13 pachwai, 4 opium, and 11 ganja shops were changed; and 2 foreign liquor "off," 2 country spirit, one tari, one pachwai, 7 opium, 2 ganja and 6 bhang shops were newly opened with effect from the 1st April 1930.

6. **Total revenue and charges** * * * * *.—The excise revenue and charges of the Presidency for the last five years are shown below:— * * * * *

Period.	Revenue.	Refunds.	Expenditure (after deducting contribution of Rs. 2 lakhs from the Government of India).	Net revenue.	Percentage of charges (pecentage of columns 3 and 4 to column 2).

Difference of past two years.	+86,883	−408	−60,149	+1,47,440	−0·31

The increase in revenue was mainly due to larger collections under head "Pachwai vend fees" from shops working under the fixed-fee system.

7. **Actual receipts.**—Deducting the advance collections (Rs. 1,89,092) for 1930-31 and adding the revenue (Rs. 1,37,144) which was collected in advance in 1928-29, the actual receipts on account of 1929-30 were Rs. 2,25,95,975 against Rs. 2,25,72,690 (after similar adjustment) of the preceding year.

8. **Excise Charges** * * * * .—The total expenditure of the Excise and Salt Department, excluding the cost price of opium payable to the Government of India, was Rs. 16,20,441 against Rs. 15,86,822 during 1928-29. The increase in expenditure was mainly due to construction of three sets of quarters for Excise officers in the district of Jalpaiguri and also due to the fact that the compensation payable to the Cooch Behar State during 1928-29 was not drawn in that year by the State but was taken in the year 1929-30.

9. **Revenue under different heads** * * * .—The largest increase of revenue (Rs. 3,68,149) occurred under "Receipts from country fermented liquors (Pachwai)." "Tari tree tax receipts" came next with an increase of (Rs. 32,637) followed by "Duty on spirits used for manufacture of medicines and on rectified spirits and absolute alcohol used for medicinal purposes" (Rs. 22,623) and "Total receipts from opium" (Rs. 13,743). The largest decrease (Rs. 2,07,499) occurred under the head "Total receipts from country spirit," and Rs. 68,341 under "Duty on wines and spirits manufactured in India and classed as foreign liquors." "Total receipts from hemp drugs" showed a decrease of Rs. 53,894.

10. **Demand and collection** * * * .—Of the gross demand of Rs. 2,26,83,502 a sum of Rs. 2,26,47,923 or 99·8 per cent. was realised, Rs. 9,748 was remitted as irrecoverable. The incidence of excise revenue per head of population was 7 annas 8 pies, the same as in the previous year.

CHAPTER II—COUNTRY LIQUOR.

* * * * * * * *

Country Spirit.

12. **System of supply and sale.**—There were no changes in the system of supply and sale.

13. **Retail Licences.**—The number of licences for the retail sale of country spirit was 931 against 927. The increase was solely due to the opening of a few new country spirit shops in the tea-garden areas of the district of Chittagong, where it had been found that for want of licit supply of cheap spirit, the labourers mostly used illicitly manufactured liquor obtained from Chittagong Hill Tracts.

14. **Consumption.**—The total consumption of country spirit in the Presidency amounted to 575,121 L.P. gallons as compared with 583,804 L.P. gallons in the preceding year showing a decrease of 8,683 L.P. gallons. Consumption increased in 14 districts and decreased in 12 districts.

Noticeable decrease occurred in the following districts and was due to special reasons in each case, the main reason having been unfavourable economic conditions amongst the classes who generally drink this sort of liquor. The decreases were in the districts of Mymensingh (5,341 L.P. gallons or 21·9 per cent.), Rangpur (1,978 L.P. gallons or 10·5 per cent.), Tippera (815 L.P. gallons or 8·7 per cent.), Bogra (699 L.P. gallons or 8·02 per cent.), Bankura (1,295 L.P. gallons or 7·3 per cent.), Bakarganj (298 L.P. gallons or 6·5 per cent.), Jalpaiguri (2,862 L.P. gallons or 6·1 per cent.) and Calcutta (7,476 L.P. gallons or 5·2 per cent.).

The decrease in Mymensingh and Tippera was mainly due to the serious floods which visited these districts in June 1929, and the consequent distress. Similarly in Rangpur it was due to depression in trade in hide, tobacco and jute, while in Jalpaiguri it was due to depression in tea. In Bankura and part of Murshidabad districts it was due to bad trade in lac in the lac-producing areas of the two districts. In Calcutta depression in trade, and strikes of labour in mills and factories adjoining the suburbs chiefly contributed to the decrease.

Noticeable increases occurred in the following districts: Chittagong (1,864 L.P. gallons or 38·7 per cent.), Midnapore (4,141 L.P. gallons or 10·9 per cent.), Birbhum (348 L.P. gallons or 8·9 per cent.), Darjeeling (2,207 L.P. gallons or 7·5 per cent.) and Howrah (752 L.P. gallons or 5·3 per cent.).

Five districts (Hooghly, Howrah, Nadia, Rajshahi, Malda) reported increase in consumption due to a larger number of marriages held amongst the lower classes of people addicted to this liquor, towards the end of the year, in anticipation of the enforcement of the Sarda Marriage Act from 1st April 1930.

The increase in Chittagong was mainly due to the replacement of illicit liquor by licit liquor in the tea-garden areas in the district.

The increase in Midnapore, Birbhum and Darjeeling was due to better economic conditions, as well as suppression of illicit manufacture in particular localities.

A statement is given below showing figures of consumption of country spirit in the industrial areas in the district of the 24-Parganas, Hooghly and Howrah from the year 1922-23 to 1929-30, the year of the report.

Year.	Hooghly.	Howrah.	24-Parganas

1922-23	11,842	8,888	Figures not available.
1923-24	12,877	9,350	Do.
1924-25	12,790	8,671	Do.
1925-26	12,587	7,922	Do.

1928-29	10,020	6,604	26,385*
1929-30	9,945	6,994	26,297

* Revised figures.

The increase in consumption in the industrial area of the district of Howrah during the year is reported to have been due to the opening of some new mills and consequent increase in the number of coolies employed in the mill areas of the district.

15. **Total revenue from country spirit.**—The total revenue (licence and distillery fees and duty) from country spirit was Rs. 85,86,116 against Rs. 87,93,615 showing a decrease of Rs. 2,07,499. The revenue derived from duty and distillery fees decreased by Rs. 2,29,356 and that from licence fees increased by Rs. 21,857.

16. **Convictions for drunkenness and action taken against licensees for permitting it.**— * * * * * * * * * * * * * * In Calcutta 4,683 persons were convicted of drunkenness as compared with 4,695 persons in the previous year, but no statistics were taken to show what proportion of these cases was due to indulgence in country spirit, tari and foreign liquor respectively. The convictions were the direct result of the vigilance of the police officers who detected them and bore no relation to the figures of consumption. In the municipality of Rangpur 9 persons were convicted for drunkenness against no convictions in the previous year and in the newly constituted municipality of Gaibandha there were five such convictions.

Tari.

18. **General.**—During the year under report licences for the retail sale of fermented tari were settled by auction in the tree-tax as well as in the other areas of the Presidency.

19. **The tree-tax system in Hooghly, Howrah, 24-Parganas and Calcutta.**—The system worked satisfactorily on the whole during the year under report.

20. **Statistics.**—The total receipts under the head "Tari" increased from Rs. 9,75,538 to Rs. 10,15,297. The number of retail licences decreased from 509 to 503. Out of the total revenue of Rs. 10,15,297 from tari Rs. 9,76,604 was derived from the Burdwan and the Presidency Divisions and the district of Malda. Of the total revenue, Rs. 5,83,943

was derived from tree-tax and Rs. 4,31,954 from licence fees. The corresponding figures for the previous three years were as follows:—

	1926-27.	1927-28.	1928-29.
	Rs.	Rs.	Rs.
Tree-tax	4,54,554	5,65,404	5,50,706
Licence fees	3,79,898	4,13,146	4,24,832

Of the figures shown under head "Tree-tax," the amounts contributed by shop licensees and by domestic consumers were as follows during the year of report and the previous three years:—

	1926-27.	1927-28.	1928-29.	1929-30.
Tree-tax paid by—	Rs.	Rs.	Rs.	Rs.
Shop licensees	4,02,395	4,74,546	4,69,687	5,00,046
Domestic consumers ..	52,159	90,858	81,019	83,297

Pachwai.

21. **Licences.**—The total number of licences issued for "retail sale," "home-brew (annual)" and "manufacture of pachwai on special occasions" was 67,387 as compared with 78,618 in 1928-29.

	Number of licences issued in—	
	1928-29.	1929-30
Retail sale	1,176	1,161
Home-brew (annual)	76,442	65,220
Manufacture on special occasions ..	1,000	1,006

The marked decrease in the number of licences permitting "home-brew" of pachwai was due to issue of a less number of licences by managers in the tea-gardens in the district of Jalpaiguri, and bad economic condition of aborigines, accustomed to this liquor, in the districts of Malda, Bogra and 24-Parganas.

22. **Revenue.**—The revenue in licence fees from "retail vend shops" increased from Rs. 10,47,816 to Rs. 14,29,240. The increase was marked in Burdwan (Rs. 2,08,863), Birbhum (Rs. 95,152), Bankura (Rs. 22,141), Midnapore (Rs. 10,680), Hooghly (Rs. 20,582), Nadia (Rs. 3,640) and Murshidabad (Rs. 21,198). The increase in revenue in the Western Bengal districts mentioned above was due to increased consumption of the article on account of good harvest of the winter paddy in 1928-29, as well as to the fall in the retail price of rice in 1929-30, which governed the scale of taxation on the article.

The revenue in licence fees from home-brewing of pachwai decreased from Rs. 1,04,245 to Rs. 90,967. The decrease was due to the issue of a less number of licences.

The total revenue derived from pachwai licences under the above three heads increased from Rs. 11,52,561 in 1928-29 to Rs. 15,20,710 in the year under report.

23. **Consumption.**—The consumption in the districts of Burdwan, Birbhum, Bankura, Midnapore, Hooghly, Nadia and Murshidabad where the Bengal fixed-fee system was in operation from previous years and accurate figures of consumption from the licensed shops were available, amounted to 230,904 maunds of rice against 207,522 maunds of rice during the previous year as detailed below:—

	Maunds of rice.	
	1928-29.	1929-30.
Burdwan	99,217	110,334
Birbhum	55,787	60,552
Bankura	25,384	27,440
Midnapore	5,698	6,680
Hooghly	12,072	12,988
Nadia	2,309	3,064
Murshidabad	7,055	9,746
Total ..	207,522	230,804

Out of 1,161 licences in the Presidency for the manufacture and vend of pachwai, 962 worked under the fixed fee system during the year.

* * * * * * * *

25. **Control over manufacture and sale of bakhar.**—The number of licences issued for the manufacture and sale of bakhar to licensed vendors of pachwai during the year was as follows:—

	Number of licences issued.	
	Manufacture and sale of bakhar.	Sale of bakhar.
Burdwan	1	6
Birbhum	3	4
Bankura	5	9
Midnapore	70	..
Hooghly	..	2
Nadia	..	..
Murshidabad	2	3

* * * * * * * *

26. **Adulteration of bakhar.**—During the year under report there was no case of adulteration of bakhar, with aconite or any other poisonous substance, by the licensed bakhar manufacturers.

* * * * * * * *

28. **Free brew of pachwai on special festivals.**—The concession of free brew of pachwai was permitted as in the previous year to the aboriginal tribes in Burdwan, Birbhum, Bankura and Midnapore, during special festivals.

The Collector of Customs, Calcutta, has commented on the statistics for the port of Calcutta in 1929-30 as follows:—

"* * * . To arrive at the consumption of liquors imported through Calcutta, it is necessary also to consider stocks in bond. When these are taken into account, it appears that there was a marked increase in the consumption of ale, beer and stout. The consumption of the principal spirits has remained steady. Port, champagne and still white wine have declined but sherry and other still red wines have improved. There has been noticeable decline in the average proof strength of whisky, the average for the year under report being 25 under proof as against 22 under proof in 1928-29."

"Imports of British ales and beer have increased from 660,654 to 733,247 gallons and the average price is now cheaper than that of German beers. Imports of these and of Dutch beers have increased somewhat, but Japanese beers show a decline."

The following statistics show imports and issues of potable spirits in London proof gallons at the Calcutta Custom House:—

Year.	Brandy, whisky, rum and gin.

31. **Import and manufacture of Indian made brandy, whisky, gin and rum.**—Besides imports from other provinces and exports thereto, the figures given below show the total quantity of Indian made foreign liquor issued on payment of duty from distilleries, as well as the total quantity of "Bengal spirits" used by other blenders and compounders for manufacture of foreign liquor:

Place of manufacture.	Kind of foreign liquor manufactured and issued on payment of full duty.	Bengal-made spirit issued to compounders and blenders of foreign liquor on payment of full duty.	Total.

Besides the above, 36·5 L.P. gallons of rum were imported from the Dyer Distillery, Lucknow, by the Military authorities for the use of His Excellency the Governor's bodyguard stationed at Alipore at

Rs. 10 per London proof gallon. 433 L.P. gallons of rum were imported by Messrs. Lyall Marshall and Company, from Rosa Distillery in United Provinces on payment of duty there, 6·6 and 19·9 London proof gallons of rum were issued duty-free from the Russa Distillery to the Subdivisional Officer, North Cachar, and Deputy Commissioner, Naga Hills, respectively. 20·2 London proof gallons of brandy were issued from Russa Distillery to Nagpur (C. P.) on payment of duty there. 57·8 L.P. gallons of brandy were issued to Madras under bond. 28·2 and 32·0 London proof gallons of Shajehanpur rum were issued duty-free to the Political Officer, Sadiya Frontier Tract, and the Officer-in-charge, Supply Depot, Hastings, respectively, from the Calcutta Warehouse of Messrs. Lyall Marshall and Company. 85·6 London proof gallons of rum were issued duty-free from the Konnagar Laboratory to hospitals. 37·2 L.P. gallons of cooly rum were exported to Assam on payment of duty in that province and 3·8 London proof gallons of milk punch were exported to Madras from Konnagar Distillery under bond. 1,475·6 London proof gallons of brandy were exported from Asansol Distillery to Bombay on payment of duty there.

32. **Manufacture of beer.**—No brewing licence was issued during the year under report.

33. **Duty on Indian made potable foreign liquors and beer.**—The total duty realised under this head was Rs. 2,84,705 against Rs. 3,53,046 in 1928-29.

34. **Licences and fees.**—The total number of licences issued for "Trade" and "Public" vend was 1,423 against 1,472 (revised figures) in the preceding year. The decrease occurred under "Late closing" (52), "Temporary bars" (10) and "Dining Car" (4), while an increase occurred under "Hotels, etc." (6), "Steamer" (5), "Dak Bungalow" (1) and Public "off" (5).

The total receipts from licence fees on foreign liquor licences including beer, levied under the Bengal fixed-fee system, were as follows:—

	Rs.
1925-26	2,95,784
1926-27	3,09,946
1927-28	3,30,113
1928-29	3,24,824
1929-30	3,42,858

The increase in licence fee was mainly due to the realisation of the fees of foreign liquor "trade" licences in advance.

Medicated Wines.

35. **Licences and revenue.**—The number of licences for the retail sale of medicated wines was 227 against 214 in the preceding year. The revenue from licence fees was Rs. 13,475 against Rs. 8,600 in the previous year, showing an increase of Rs. 4,875 due mainly to realisation of licence fees in advance.

II.—Industrial Spirits (excluding denatured spirits).

36. **Revenue.**—The total revenue derived from rectified spirit and absolute alcohol used for medicinal, scientific or other industrial purposes in the Presidency was Rs. 5,67,900 against Rs. 5,40,623 in the previous year.

37. **Issue of rectified spirit from distilleries and warehouses.**—The following quantities of rectified spirit were issued during the year for

medicinal, industrial and scientific purposes from distilleries and excise warehouses in Bengal:—

38. **Manufacture of tinctures and medicines.**—A new bonded laboratory of Messrs. M. Bhattacharji and Company was opened this year from 1st November 1929, which along with seven existing bonded

laboratories in Calcutta and one in Konnagar continued to manufacture tinctures and medicinal preparations during the year under report; 71,070·5 London proof gallons of rectified spirit contained in tinctures and medicinal preparations were issued from the nine laboratories on payment of duty against 57,226 London proof gallons issued during the preceding year.

The duty realised on tinctures issued from bonded laboratories at Rs. 5 per London proof gallon on the spirit contents was Rs. 3,55,352-8, of which Rs. 3,42,862 was realised in Bengal, Rs. 6,418 was realised in Bengal to the credit of other provinces and Rs. 6,072-8 was realised in other provinces, against Rs. 2,86,130 in the year 1928-29.

The rules prescribing strict adherence to B.P. standards and approved recipes continued to be strictly enforced, and there were no complaints regarding the quality of the products of the bonded laboratories.

39. **Issues of rectified spirit and absolute alcohol from bonded laboratories and distilleries for medicinal, industrial and other purposes on payment of full duty.**—5,875·5 L.P. gallons of rectified spirit and absolute alcohol were sold on payment of full duty from the distilleries and bonded laboratories for industrial, medicinal and scientific purposes to licensed chemists, druggists, etc.

CHAPTER IV—HEMP DRUGS.

Ganja.

45. **Retail licences.**—The total number of licences issued in the Presidency for the retail sale of ganja was 1,204 against 1,205 in 1928-29.

46. **Consumption.**—The total quantity of ganja consumed in the Presidency amounted to 1,559 maunds 7 seers against 1,577 maunds 19 seers showing a net decrease of 18 maunds 12 seers or 1·1 per cent.

The consumption was practically stationary in most of the districts in the Presidency. In the district of Mymensingh, there was an appreciable fall, amounting to 12·8 per cent. due particularly to the floods in June 1929, and consequent unfavourable economic conditions. The same reasons affected consumption in the neighbouring district of Tippera.

47. **Total revenue.**—The total receipts for the year amounted to Rs. 49,49,446 against Rs. 49,91,507 in the previous year, the net decrease amounting to Rs. 42,061. The revenue from licence fees and duty decreased by Rs. 21,442 and Rs. 20,738, respectively, while that from gola rent increased by Rs. 119.

48. **Incidence of taxation.**—The incidence of licence fees per seer of ganja consumed was Rs. 37·7 and that of duty Rs. 40. The total taxation was 77·7 per seer as compared with 77·6 in the previous year.

51. **Cultivation and outturn of ganja at Naugaon in Rajshahi.**—The following figures indicate the position regarding the operation of ganja cultivation in Naugaon in the Rajshahi district during the last six years:—

Year.	Number of cultivators licensed.	Area licenced.	Total outturn.	Average outturn per bigha.	Total exports from Naugaon.
		Bighas.	Mds.	Mds. srs.	Mds.
1924-25	3,310	2,002	6,689	3 13	4,252
1925-26	3,099	1,761	4,598	2 14	4,961
1926-27	2,996	1,800	5,256	2 36	4,722
1927-28	3,010	1,796	6,073	3 15	4,709
1928-29	3,231	1,900	5,526	2 35	4,131
1929-30	3,047	1,799	4,414	2 15	4,231

The area sanctioned for cultivation during the year was 1,800 bighas. There was no case of cancellation or surrender of licence during the year. The area actually cultivated was 1,855 bighas 12 cottahs and 2 chitaks against 1,922 bighas 3 cottahs and 5 chitaks in the previous year.

The cultivation during the year was affected by floods in the early part of October 1929, on account of which about 396 bighas were either submerged or partly inundated. The affected area was replanted with fresh seedlings mostly on new plots, which had not been, however, manured and prepared in time. The results of the flood, coupled with unfavourable rains in February and the early part of March 1930, rendered the quality of the crop unsatisfactory, and also appreciably reduced the outturn per bigha. The total outturn was, however, still above the average demand during 1928-29 and 1929-30.

* * * * * * * *

Bhang.

56. **Licences and revenue.**—The total number of retail licences for the sale of bhang was 325 against 323 in the previous year. The total number of druggists' permits issued was 608 against 621 in the previous year. The total revenue from licence fees and duty amounted to Rs. 1,96,193 as compared with Rs. 1,92,330 in 1928-29 showing an increase of Rs. 3,863.

57. **Consumption.**—The principal demand for bhang was, as in the previous years, confined to most of the West Bengal districts. In most of the districts in East Bengal, the demand for bhang as an intoxicant is very small. The total quantity of bhang consumed in the Presidency amounted to 397 maunds 2 seers against 389 maunds 32 seers in the previous year showing an increase of 7 maunds 10 seers. There was noticeable decrease in Dacca, Mymensingh and Rangpur, while increase occurred in most of the West Bengal districts.

58. **Exports.**—Three maunds of duty-paid bhang were exported from Hooghly to French Chandernagore against 2 maunds 30 seers in the previous year. Twenty-three seers of duty-paid bhang was issued from Comilla to the adjacent state of Tripura against one maund in the preceding year.

59. **Abuse.**—No case of abuse of medicinal preparations manufactured from the drug was reported during the year.

Charas.

60. **Licences and revenue.**—The total number of licences issued in the Presidency for the retail sale of charas was 34 against the same number in 1928-29. There were 3 wholesale licences against the same number in the preceding year. The total receipts for the year amounted to Rs. 2,89,686 as compared with Rs. 3,05,382 in 1928-29, showing a decrease of Rs. 15,696 in licence fee which was due to decrease in the consumption of the drug.

61. **Import, export and consumption.**—The total quantity of charas imported into the Presidency was 53 maunds 16 seers against 55 maunds 37 seers in the previous year. The drug was as usual, imported by the wholesale dealers of Calcutta and Birbhum direct from the Punjab and supplied to the retail vendors in the districts. The total issue to retail shops in the Presidency was 52 maunds 18 seers as compared with 55 maunds 7 seers in the preceding year, while the consumption in Calcutta amounted to 27 maunds 39 seers against 30 maunds 24 seers in the previous year.

Twelve seers of charas were exported to French Chandernagore during the year against 4 seers exported during the previous year.

CHAPTER V—OPIUM.

62. **Restricted supply of opium.**—The restrictive system of supply of opium to licensed shops, under which the monthly supply to each shop is limited to requirements in each locality and increase of supply is not permitted except on clear evidence of an increase in demand, worked in the districts mentioned below:—

Bankura.	Mymensingh.
Midnapore.	Faridpur.
Hooghly.	Bakarganj.
Howrah.	Chittagong.
24-Parganas.	Noakhali.
Calcutta.	Tippera.
Nadia.	Rajshahi.
Murshidabad.	Jalpaiguri.
Jessore.	Rangpur.
Khulna.	

In other districts, the system was not in force as no necessity was felt to regulate supplies. In districts in which the limits of supply were restricted, the issues and consumption were actually less than the limits fixed, except only in the district of Chittagong, where the entire fixed allotment was sold.

63. **Consumption.**—The consumption of excise opium during the year under report was 993 maunds 21 seers, as compared with 987 maunds 24 seers in the preceding year, an increase of 5 maunds 37 seers.

Noticeable increase occurred only in the district of Noakhali (31 seers or 10·5 per cent.). The reason was an extension of the use of licit opium amongst people as a household remedy against certain forms of illness.

The decrease in consumption exceeded 6 per cent. in the districts of Mymensingh (58 seers or 7·3 per cent.) and Darjeeling (33 seers or 16·5 per cent.). In Mymensingh the decrease was mainly due to economic distress on account of floods and consequent failure of crops, and in Darjeeling it was chiefly due to the diversion of the Tibetan wool trade from Kalimpong to Rungpo (Sikkim) and also the general slump in trade with Tibet.

64. **Licences for retail sale.**—The total number of licences issued for the retail sale of excise opium was 855, as compared with 853 in the previous year. Three shops were abolished in Rangpur and five new shops were opened, viz., 2 in Tippera and one each in Hooghly, Noakhali and Dinajpur.

65. **Medicinal permits and licences under the Opium and Morphia Rules.**—The total number of permits and licences issued was 1,663 as compared with 1,570 in the previous year. The number included 805 licences or permits issued for intoxicating drugs including opium, and 858 licences or permits issued for morphia drugs

* * * * * * * * *

The increase in the number of licences was due to gradual increase in ordinary chemists' and druggists' business.

66. **Revenue.**—The total receipts amounted to Rs. 48,21,646 as compared with Rs. 48,07,903 in 1928-29.

67. **Abuse of opium and morphia.**—The use of morphia as a substitute for opium does not appear to have been prevalent in any district. The administration of opium pills to children prevailed to a limited extent among certain sections of the mill population in the subdivisions of Barrackpore and Serampore.

CHAPTER VI—COCAINE.

70. **Licences and revenue.**—Four hundred and eighty-two licences were issued during the year to chemists and druggists for the sale of cocaine on prescriptions of qualified medical practitioners as compared with 454 in 1928-29. Eighty-six permits for the possession of cocaine were issued free to managers of hospitals or dispensaries under Government supervision. Fifty permits were issued to qualified medical practitioners and dentists.

71. **Preventive operations and illicit transactions in cocaine.**—Dealt with in paragraphs 78 and 79, Section VII of the report.

72. **Miscellaneous.**—No confiscated cocaine was in stock at the beginning of the year and no quantity was received for sale during the year under report. The Chemical Examiner to the Government of Bengal destroyed all confiscated cocaine sent to him for examination as the stuff did not conform to the B.P. standard in any case.

CHAPTER VII—OFFENCES AGAINST THE EXCISE AND OPIUM LAWS.

73. **Prosecutions and convictions.**—The number of prosecutions and convictions during the year as compared with that in 1928-29 stood as follows:—

	1928-29.	1929-30.
Number of cases—		
Prosecuted	5,423	5,757
Convicted	5,184	5,590
Number of persons—		
Prosecuted	5,949	6,315
Convicted	5,342	5,718

There was increase both in the number of prosecutions and convictions, mainly due to larger detection of cases of illicit manufacture or possession of pachwai and bakhar, as well as illicit possession or sale of cocaine.

74. The position in the Presidency as regards offences against the excise and opium laws continued to be the same as in the previous year, except for increasing ingenuity and resources brought to play by smugglers of cocaine and opium, and for an organised attempt, on the part of some local Chinamen who have put up some tanneries at Tangra and Topsia in the 24-Parganas district, just on the border of Calcutta, to manufacture country spirit on a fairly large scale for illicit supplies in Calcutta and the suburbs. This is being effectively dealt with by the local staffs.

Efforts of smugglers of cocaine and opium, who belong to powerful gangs composed mainly of up-country Muhammadans and the Chinese with headquarters at Calcutta, Delhi, Amritsar, Peshawar, Rampur in United Provinces, Rewa in Rajputana, Ajmere and a few other states in north-west India and in Rajputana, as well as Rangoon, Hongkong and a few other Chinese cities in the East, continued to receive constant and all possible check from the officers of this Department as well as of the Customs and the Police.

Attention on the railways being watchful, the smugglers have commenced transportation of articles in motor cars, from and to the north-west and the officers have also become vigilant against this method of transport.

75. The officers of the Department successfully tackled offences under the excise and opium laws in most of the districts, as far as possible with the men and resources at their command. Unfortunately, however, these efforts could not produce such deterrent effect on illicit traffic as might be expected, particularly for two reasons, viz.:—

(1) Inadequacy of the existing legal provisions for the punishment of men who commit the major offences against the excise and opium laws.

(2) Inadequacy of punishments awarded by magistrates specially as regards the major offences. Even the major offences under the excise and opium laws are still looked upon merely as "fiscal offences," and it appears as if sufficient consideration is not always attached to the serious harm caused to society as well as to Government in numerous directions, by the people who engage themselves systematically in regular illicit traffic in intoxicating liquors and drugs.

I make these observations not with any view to criticise, but simply to invite attention to the seriousness of all major offences against the excise and opium laws. The man who brews a pot of pachwai (rice beer) or manufactures a pot of spirit or who collects a few wild bhang plants for his own consumption, is quite in a different category from people who make it a profession to deal with spirits, or drugs for regular traffic, and I consider that the sooner the existing law for the punishment of offenders of the latter nature are tightened up, and the existing provisions are more rigorously enforced by the magistrates, the better it would be in the direction of more effective control of intoxicants.

Total eradication of the serious forms of illicit traffic, specially in drugs is not possible until all countries fall in line and restrict manufacture of "dangerous drugs" to medicinal requirements, but it is certainly desirable that traffickers in these articles get much less leniency than is the case at present, due to reasons explained above.

76. In Calcutta efforts to tackle the principal offenders and their associates engaged in illicit traffic in opium, cocaine and charas as well as in the illicit distillation of country spirit were persistently made throughout the year and met with all possible success, and the department is thankful for the co-operation it received from the Police and Customs officials. The illicit traffic inside the city as well as at the railway termini continued to be looked after by the Excise detective staff in co-operation with the Police officials, while the illicit traffic on board the vessels and on the jetties was looked after mainly by the Customs detective staff.

77. The total seizures of opium during the last three years in the Presidency were as follows:—

Year.	Mds.	srs.
1927-28	39	15
1928-29	44	4
1929-30	36	17

Of the total quantity of opium seized during the year, 11 maunds 34 seers were seized by the Excise detective staff in Calcutta, 4 maunds 13 seers by the Railway Excise staff, and 11 maunds 5 seers by the Excise staff in districts, while the Customs detective staff in Calcutta and Chittagong and the Police in Calcutta and Howrah made seizures of 5 maunds 39 seers and 3 maunds 8 seers, respectively.

78. The total seizures of cocaine during the last three years are noted below:—

Year.	Oz.	grs.
1927-28	2,789	190
1928-29	2,349	202
1929-30	6,314	339

Of the total quantity seized during the year, 5,650 ounces were seized by the Customs officers on board the vessels in the ports of Calcutta and Chittagong, 430 ounces by the Calcutta Excise detective staff, 169 ounces by the Excise staff in districts, 3 ounces by the Railway Excise staff and 62 ounces by the Police in Calcutta, 24-Parganas, Howrah and Dacca.

CORPORATION OF CALCUTTA.

Central Municipal Office, 5th December 1930.

The following amendments made by the Corporation of Calcutta under section 56 (*b*) of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), in the Pension Rules of the Calcutta Corporation sanctioned in Government notification No. 225 T.M., dated the 24th August 1895, as subsequently amended, have been sanctioned by the Local Government in accordance with the provisions of section 485 of the Act in the Local Self-Government Department letter No. 4310 M., dated the 21st November 1930, and are published as required by section 486 thereof. The pensions or gratuities granted under the above conditions shall be designated respectively as—

(*a*) Superannuation pension or gratuity,

(*b*) Invalid pension or gratuity,

(*c*) Compensation pension or gratuity,

(*d*) *Retiring pension.*

(*2*) Substitute the following for rule 14:—

Save as in this rule expressly provided, no pension or gratuity shall be payable to any officer or servant who shall voluntarily resign the municipal service before the age of 55 years (unless duly certified under rule 15 as incapacitated for further service *or permitted to retire after completion of qualifying service for 30 years*), or to any officer or servant who shall be dismissed from the municipal service for misconduct, nor shall any such officer or servant voluntarily resigning or being dismissed as aforesaid be entitled to any refund of contributions therefor made by him under these rules. Provided however that the Corporation may, if circumstances shall, in their opinion, render it just or proper so to do, treat any particular case as a special case, and by special resolution allow an officer or servant who has voluntarily resigned or been dismissed as aforesaid to receive such pension or gratuity as they may think proper, not exceeding the limits prescribed by rule 17.

(*3*) Substitute the following for the proviso to rule 27:—

Provided that nothing in this or any of the foregoing rules contained shall be deemed to preclude the Corporation in their absolute discretion from granting a compassionate allowance to any officer or servant (whether eligible or ineligible to contribute, and whether he has contributed or not) who may have been permanently disabled or seriously injured in or during the discharge of his duties or to the widow and children, or in case he shall have left no widow or children, to the parents, brothers and sisters, of any such officer or servant who may have been killed in the discharge of his duties or *to an officer or servant not being a contributor either to the pension or the provident fund* who may have become unfit for further discharge of his duties from natural or other causes or may have become disabled in the service of the municipality.

Provided further that in determining the amount of such gratuity or compassionate allowance to be paid to any officer or servant governed by the Workmen's Compensation Act whose death or disablement is due to any injury for which compensation is payable under that Act, the amount of such compensation will be taken into consideration and the Corporation will not ordinarily grant any additional sum as gratuity or compassionate allowance under this rule to a workman who has received or elect to receive compensation according to the Workmen's Compensation Act, but the payment of compensation under the Workmen's Compensation Act will not preclude the payment of a retiring gratuity to which the officer or servant may be entitled under rule 26A of these rules, or under the gratuity rules for Provident Fund subscribers.

NOTE.—*Payment of gratuity or compassionate allowance to a disabled officer or servant shall not preclude the Corporation from appointing him again or from granting him a gratuity or compassionate allowance in consideration of his services during the period of his re-employment.*

Burdwan.—No. 3374P.H.—12th December 1930.—The following draft of rules, which in exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Public Health) propose to make, and subject to which the Commissioners of the Asansol Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purposes of leading water to premises for domestic purposes only, is published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on the 1st February 1931, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Draft rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water supply they may

grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 200, a connecting pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form "A" to be supplied free of cost, at the Municipal Office. The conditions subject to which a house connection will be given are set out in the form and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 50 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe, and an extension from the communication-pipe of one holding to another holding shall not be permitted.

4. The connection shall consist of two portions:—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop cock and check pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected, and is to be provided with locked lid, ball valve, stop valve and overflow pipe.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water.

8. The tank referred to in rule 4 (*b*) shall be durable and watertight, and the ball valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of the officers of the municipality.

9. Every storage tank shall be fitted with an overflow pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow pipe means that the ball valve is failing to function and the owner or occupier shall notify the water works officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water in proportion to the water rate paid by him in respect of such holding, according to the following table:—

				Gallons.
Less than Rs. 4 ..		..	..	170

The quarterly water rate paid (in rupees) multiplied by the figure $\frac{200}{9}$.

11. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10, he may apply to the Commissioner in form "B" (obtainable at the Municipal Office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 20 per tank, and also shall pay weekly the following charges during the whole time he retains the temporary connection:—

On receipt of the application, together with the fees as provided in rule 11, the Commissioners shall forthwith install within the compound and at a level of two feet above ground an additional storage tank (or tanks) of 300 gallons capacity with ball valve and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

13. The payment referred to in rule 11 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the supply of water and remove the storage tank or tanks, temporary service-pipes, etc.

14. Two or more such temporary connections may be taken, if required, on payment of the additional costs and weekly charges.

15. The Commissioners may cut off the connection between any water works of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz.:—

(*a*) if the holding is unoccupied;

(*b*) if the occupier fails to pay his water rate;

(*c*) if the occupier in any way interferes with, damages, or alters the service-pipe; and

(*d*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection of the service-pipe or storage tank, or prevents such officer from making such examination or inspection.

Provided that twenty-four hours' notice in writing of such examination or inspection may be demanded.

16. The works required under rule 4 (*b*) shall be carried out by a person or firm employed by the owner or occupier and approved by the Commissioners. For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work.

17. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

18. The Commissioners will not be responsible for any interruption or diminution of water supply due to occurrences beyond their control.

versus

1. Sir Abdur Rahim of 217, Lower Circular Road, Calcutta;

2. Md. Rafique of 19, Zakaria Street, Calcutta;

3. Syed Muslehuddin of 83, Taltola Lane, Calcutta;

4. T. Y. Roxburgh, Esq., I.C.S., Chief Presidency Magistrate, Calcutta, 2, Bankshall Street.....*Respondents.*

The humble petition of Dr. A. Suhrawardy the petitioner above named.

RESPECTFULLY SHOWETH,

1. That your petitioner is a qualified elector of the Legislative Assembly and has his name registered as such in the Calcutta and Suburbs (Muhammadan) urban constituency of the said Assembly: (Male Elector No. 89 of Ward 9, Calcutta).

2. That as such elector your petitioner was and is eligible for election to the said Assembly.

3. That a General Election for election of members of the said Assembly was directed to be held in the month of August, 1930.

4. That the 7th of August, 1930, was fixed as the last date for the nomination of candidates for the said General Election from the said Calcutta and suburbs (Muhammadan) constituency and the 11th of August, 1930, as the date for the scrutiny of nominations.

5. That the Chief Presidency Magistrate, Calcutta, Mr. T. Y. Roxburgh, I.C.S., was the Returning Officer for the said constituency.

6. That your petitioner was a candidate for election to the said Assembly at the said election from the said constituency.

7. That on the said 7th of August, 1930, your petitioner personally went to deliver his nomination paper to the said Returning Officer at his office in the Calcutta Police Court in Bankshall Street after the same had been duly filled in and completed in accordance with the Legislative Assembly Electoral Rules.

8. That the said Returning Officer was not however in his office when your petitioner called.

9. That your petitioner waited for the Returning Officer till 2-35 p.m., but the Returning Officer had not yet returned, and as your petitioner had to file a nomination paper from another constituency on the same date by 3 p.m., your petitioner could not wait any longer.

10. That your petitioner accordingly left his nomination paper on the office table of the said Returning Officer along with the *challan* for the deposit of Rs. 500 and left word with the Returning Officer's clerk who was in attendance to inform the Returning Officer on his return that the paper had been delivered by your petitioner in person.

11. That your petitioner submits that the delivery of the said nomination paper in the above circumstances was a proper delivery under the Electoral Rules.

12. That it appears that the Returning Officer on his return actually endorsed on the nomination paper the time of delivery as 2-57 p.m., but afterwards cancelled the said endorsement and rejected the paper as if it had not been presented at all.

13. That on the date of scrutiny of nominations your petitioner's nomination paper was in fact not considered at all by the Returning Officer.

14. That on the 9th August 1930, the Returning Officer wrote the following letter to your petitioner:—

"D. O. No. 444. "Calcutta,

The 9th August, 1930.

2, Bankshall Street.

"Dear Sir,

"I regret to inform you that the nomination papers of the Calcutta and Suburbs Muhammadan constituency of the I. L. A. which was left by you in my office on the 7th instant, has not been accepted by me, as neither you nor anybody else on your behalf did appear within three o'clock, the prescribed time for accepting them. I am sorry I was out when you came.

"The *challan* for Rs. 500 which has been filed by you will be returned to you or to your agent duly endorsed by me when desired.

Yours faithfully,

(Sd.) T. ROXBURGH.

"The Hon'ble Dr. A. Suhrawardy, M.L.A.,

56, Mirzapore Street, Calcutta."

15. That your petitioner states that the proceeding adopted by the Returning Officer was wholly wrong and contrary to law.

16. That your petitioner had actually appeared at the Returning Officer's office with the nomination paper before 3 p.m., on the said 7th of August, as in fact the Returning Officer himself admits in his said letter when he says that the nomination paper had been left by your petitioner in his office and that he was out when your petitioner had called.

17. That in any case the Returning Officer was wholly wrong in withholding your petitioner's nomination from the scrutiny and thus denying your petitioner an opportunity not only to establish the validity of his own nomination but also to question the validity of the nominations of the other candidates hereinbelow named, particularly of Sir Abdur Rahim, whose nomination your petitioner does not admit to have been valid at all.

18. That your petitioner has been seriously prejudiced by the said action of the Returning Officer.

19. That three other candidates had filed nominations for election from the said constituency, namely, the Respondents Sir Abdur Rahim, Md. Rafique and Syed Muslehuddin.

20. That the nominations of all these three candidates were accepted by the Returning Officer at the scrutiny, but two of them Md. Rafique and Syed Muslehuddin afterwards withdrew their candidature within 3 p.m. of the day following the scrutiny, with the result that Sir Abdur Rahim being the only candidate left was declared elected by the Returning Officer.

21. That the name of the said returned candidate Sir Abdur Rahim was published in the Gazette of India of the 23rd of August, 1930, and he filed his Return of Election Expenses and the declarations referred to in Rule 19 of the Rules on the 29th of August, 1930.

22. That your petitioner states that the withdrawal of the Respondent Md. Rafique from the election was wrongfully procured by the said Sir Abdur Rahim in his own interest.

23. That the said Sir Abdur Rahim had in fact caused a deputation to be sent to Md. Rafique's father Mr. Dost Muhammed, consisting of Sir Abdur Rahim's supporters and canvassers, with a view to put wrongful pressure on Md. Rafique through his father to make him withdraw, and your petitioner is informed that by means of undue influence and by holding out promises of securing Md. Rafique's return unopposed in the event of Sir Abdur Rahim not going to the Assembly for any reason, the said supporters and canvassers of Sir Abdur Rahim ultimately succeeded in bringing about the withdrawal of the said Md. Rafique.

24. That in the premises aforesaid your petitioner states that the return of Sir Abdur Rahim was procured and/or induced by corrupt practices and the result of the said election was also materially affected thereby as well as by the improper refusal of your petitioner's nomination and the improper acceptance of Sir Abdur Rahim's nomination by the Returning Officer and otherwise by non-compliance with the electoral rules and regulations.

25. That your petitioner begs accordingly to file this election petition for setting aside the said election and as required by the Rules begs to remit herewith the sum of Rs. 1,000 as deposit for security.

26. That as the conduct of the Returning Officer is in question, your petitioner has been advised to add him as a party, but he need not appear if he has no cause to show.

27. That the other candidates who afterwards withdrew have also been joined as Respondents *pro forma*, but your petitioner asks for no relief against them.

Your petitioner prays in the circumstances aforesaid that Your Excellency may be graciously pleased to admit this petition, appoint Commissioners for the trial thereof and thereafter upon considering the report of the said Commissioners set aside the said election of the Respondent Sir Abdur Rahim and order a fresh election to be held from the said constituency and to direct the payment to your petitioner of the costs of and incidental to this petition.

And your petitioner as in duty bound shall ever pray.

Verification.

I, Dr. A. Suhrawardy, being the petitioner aforesaid, residing at 56, Mirzapore Street, in the town of Calcutta, do hereby state that the statements contained in the foregoing petition are all true to my knowledge, except those contained in paragraphs 12, 21, 22 and 23 thereof which are true to my information which I verily believe to be true and those in paragraphs 11 and 15 are submissions.

Signed this verification at 1 p.m., this the 9th day of September 1930, at my said residence.

(Sd.) A. SUHRAWARDY.

Particulars of corrupt practices referred to in paragraphs 22 and 23 of the foregoing petition.

On or about the 12th of August, 1930, the Respondent, Sir Abdur Rahim, caused a deputation to wait on the Respondent Md. Rafique and his father Dost Muhammad at the latter's house at 19, Zakariah Street, Calcutta. The said deputation included, amongst others, Abdool Razak, Hajee Abdool Suttar and Khaja Abdul Gani (who had subscribed Sir Abdur Rahim's nomination paper) and several other canvassers and supporters of Sir Abdur Rahim, such as Ahmad Abdus Sattar, Abdul Majid, etc. The object of the deputation was to get Md. Rafique to withdraw somehow or other. The Returning Officer had refused the petitioner's nomination, and if Md. Rafique could be made to withdraw his candidature Sir Abdur Rahim could get returned unopposed. Md. Rafique was and is an influential Councillor of the Calcutta Corporation, and possessed considerable influence in this constituency of the Legislative Assembly, which in fact he had represented during the last session. As against him, Sir Abdur Rahim had no chance whatever in a contest. It was known that the other candidate Syed Muslehuddin was not serious in his candidature and would be sure to withdraw. The deputation brought

all sorts of pressure to bear on Md. Rafique as well as on his father Dost Muhammad. They begged, implored and threatened. If Md. Rafique would withdraw, they would cause laudatory notices to be published in the newspapers extolling his public spirit, and they would also see that if, for any reason, Sir Abdur Rahim did not go to the Assembly, Md. Rafique was returned unopposed. In case, however, he did not withdraw, they would make things as unpleasant for him as possible. Unable to withstand such continued pressure and undue influence, and as a result of such inducements and threats, Md. Rafique was ultimately prevailed upon to sign a letter of withdrawal. Sir Abdur Rahim thus through his said agents acting with his knowledge and connivance interfered with the free exercise by Md. Rafique of his electoral right.

(Sd.) A. SUHRAWARDY.

Verification.

I, Dr. A. Suhrawardy, the petitioner abovenamed, state that the allegations contained in the foregoing particulars are true to my information which I verily believe to be true.

Signed this verification at my residence, 56, Mirzapore Street, Calcutta, this the 9th day of September 1930, at 1 p.m.

NOTIFICATION.

No. 2761L.—10th December, 1930.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information :—

THE BENGAL EMBANKMENT (AMENDMENT) BILL, 1931.

A

BILL

further to amend the Bengal Embankment Act, 1882.

WHEREAS it is expedient further to amend the Bengal Embankment Act, 1882, in the manner hereinafter appearing;

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Embankment (Amendment) Act, 1931.

Amendment of section 3 of Bengal Act II of 1882.

2. In section 3 of the Bengal Embankment Act, 1882 (hereinafter referred to as the said Act) in the definition of the term "embankment" after the word "training-wall" the word "berm" shall be inserted.

Amendment of section 61.

3. The second paragraph of section 61 of the said Act shall be omitted.

Insertion of new section 61A.

4. After section 61 of the said Act, the following section shall be inserted, namely :—

"**61A.** Interest payable on amount apportioned. Interest shall be charged from the date of apportionment on the amount charged to or apportioned on any estate or tenure, less any instalment of such amount paid from time to time. The interest shall be at the rate of five *per centum* or at such rate, not exceeding five *per centum per annum* as the Local Government may from time to time determine."

STATEMENT OF OBJECTS AND REASONS.

A berm of an embankment forms an important portion of an embankment because it prevents leakage in flood time and possible breaches. Under section 4 of the Bengal Embankment Act, 1882, all berms of embankments vest in Government. The word "berm" has, however, been inadvertently omitted in section 3 under the definition of "Embankment" and the result has been that cases of damage done to berms brought before a court of law are invariably dismissed because of the omission of the word "berm" in section 3 of the Act. It has therefore become necessary to include the word "berm" in the definition of "Embankment" in section 3 of the Bengal Embankment Act, 1882.

The intention of the second paragraph of section 61 of the Bengal Embankment Act, 1882, is that interest should be charged from the date of apportionment on the amount charged to or apportioned on any estate or tenure, less any instalment of such amount paid from time to time. In the opinion of the High Court this paragraph as it stands at present is not clear; and owing to a recent judgment delivered in a case Government is precluded from levying interest on the cost of works undertaken under the Act from the date of apportionment of those works among the persons benefited. The High Court has laid it down that interest should be charged on arrears of instalments only and not on the whole sum advanced by Government. This has necessitated an amendment of the second paragraph of section 61 of the Act.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 6th December 1930.

Third forecast of the Cotton Crops of Bengal, 1930-31.

(NOTE.—On an average of the five years ending 1928-29, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops—early and late. The early crop is chiefly grown in the Chittagong Hill Tracts and the Tripura State and to a small extent in other districts. The late crop is chiefly grown in Bankura and Midnapore.

Character of the Season.—The rainfall in the early part of October somewhat affected the early crop at the time of maturity in some important districts. The yield is, in consequence, less than that of last year.

The outlook of the late variety, so far, is fair.

Area sown.—The total area sown with early cotton is returned at 76,207 acres and that with late at 503 acres, against 76,307 and 1,203 acres, respectively, in the corresponding forecast of last year. The decrease in area under late cotton is *due* to non-cultivation in Bankura this year.

Outturn.—The outturn of the early crop is estimated at 18,380 bales and the late crop at 101 bales, against 20,290 and 313 bales, respectively, in the corresponding forecast of last year.

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 9th December 1930.

Final Forecast of the Bhadoi Crops of Bengal, 1930-31.

(NOTE.—On an average of the five years ending 1928-29, the area under autumn rice in Bengal has represented some 6·1 per cent. of the total area under rice in British India.)

Character of the Season.—As indicated in the preliminary forecast the weather was generally favourable for preparatory tillage and for early sowing of the crops in East and North Bengal. In West Bengal deficient rainfall retarded late sowings to some extent. Subsequent conditions were uniformly favourable for the growth and development of the crops, with the result that the outturn improved in the important districts of Nadia, Murshidabad, Jessore, Jalpaiguri, Rangpur, Chittagong and Tippera. On the whole a good crop of autumn rice was reaped for the province.

Acreage.—The total acreage sown with the different *bhadoi* crops this year is reported to be 5,837,700 acres as against 5,815,100 acres last year. Of this, the area under *autumn* rice is estimated at 5,082,100 acres as against 5,031,100 acres last year.

Outturn.—According to District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 81 per cent. of the normal this year as against 75 per cent. last year.

The *autumn* rice is estimated to yield an outturn of 82 per cent. of the normal for the province this year as against the estimate of 80 per cent. last year. In my opinion the outturn of *autumn* rice is an underestimate and that the crop is not less than 105 per cent. of the normal this year.

On the basis of a normal yield of 10¾ maunds of clean grain per acre, the gross outturn of *bhadoi* paddy (autumn rice) for the province is estimated at 2,107,300 tons this year as against 1,589,400 tons last year or an increase of about 33 per cent.

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 10th December 1930.

Second Forecast of the Winter Rice Crop of Bengal, 1930-31.

(NOTE.—On an average of the five years ending 1928-29, the area under winter rice in Bengal has represented some 17·6 per cent. of the total area under rice in British India.)

Character of the season.—As indicated in the first forecast, the weather, until May, was favourable for preparatory tillage and sowing, and also for the growth of broadcast paddy in Eastern Bengal districts. Field operations for transplanted paddy and the sowings of seedbeds were carried on under good conditions in May. This was followed by a weak monsoon in June and July, especially in parts of East and North Bengal, where the progress of transplantation was slow. In West Bengal, on the other hand, good showers facilitated the operation generally. Favourable rainfall in August and in the first part of September also helped transplanting operation, with the result that more area was brought under cultivation this year. Seasonable showers in the latter part of September and the first part of October materially increased the outturn in West and in parts of East Bengal. Elsewhere a fairly satisfactory crop is expected.

Acreage.—According to the figures returned by the District Officers the total area under winter rice is 14,900,300 acres as compared with 14,643,400 and 14,793,700 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended it will be seen that Bankura reports more than a normal crop. Five districts report a normal crop of 100 per cent., fifteen districts a crop varying from 80 to 95 per cent. and the rest from 67 to 75 per cent. of the normal. According to the above estimates, the provincial outturn works up to 91 per cent. as against 90 and 95 per cent. in the corresponding and final forecasts of last year. In my opinion the provincial outturn will not fall short of 100 per cent. as reported in the first forecast.

Accepting 100 per cent. as the provincial outturn the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean grain per acre, is estimated at 6,842,000 tons this year as against 6,051,600 and 6,453,400 tons, respectively, in the corresponding and final forecasts of last year.

R. S. FINLOW,

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 12th December 1930.

Monthly Weather and Crop Report of Bengal for November 1930.

I. **Character of the season.**—During the month under review, the rainfall was much in excess of the normal all over the presidency. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Preparatory tillage for and sowings of spring crops was progressing under favourable conditions. Harvesting of winter paddy continued but its progress was retarded in places by the rainfall towards the end of the month.

III **State of standing crops.**—The condition of standing crops was reported to be good.

IV. **Prospects and probable outturn.**—The prospects of standing crops are reported to be satisfactory on the whole. The outturn of autumn paddy is estimated at 105 per cent. of the normal and that of winter paddy at 100 per cent. this year.

V. **Damage to standing crops.**—Rainfall during the latter part of the month is reported to have damaged the standing winter paddy to some extent in parts of Birbhum, Midnapore, Bogra, Dacca and Bakarganj.

VI. **Condition of agricultural stock.**—Condition of live-stock was generally fair. Stray cases of cattle-disease, however, were reported from seven districts of the presidency.

VII. **Failure of pasturage and fodder.**—Supply of fodder was reported to be sufficient except in parts of Nadia.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the price of common rice of the cheapest quality rose in six districts, fell in nine and remained stationary in the rest of the province. The price ranged from 6½ seers per rupee at Faridpur to 11 seers per rupee at Birbhum.

IX. **Condition of agricultural population.**—The condition of agricultural population is not satisfactory as a result of the fall in the prices of jute and other staples. Distress continued to be reported from parts of Bogra and Malda.

Resolution on the report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1929-30.

REVENUE DEPARTMENT.

Land Revenue.

CALCUTTA, THE 15TH DECEMBER 1930.

RESOLUTION—No. 14712 L.R.

Read—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year *1929-30*.

Mr. A. W. Cook, C.I.E., held the office of the Member of the Board of Revenue from the beginning of the year under report till his death on the 14th February 1930. He was succeeded by Mr. F. A. Sachse, C.I.E., who remained in charge of the office for the remaining period of the year.

2. The year under report was not entirely free from natural calamities. In Tippera a drought in April was followed by deluges in May and June which caused the inundation of a large portion of the Brahmanbaria subdivision resulting in distress. To relieve the distress relief works were opened and agricultural loans to the extent of Rs. 4½ lakhs had to be given, besides Rs. 20,000 as gratuitous relief. After heavy rains in August there were floods on the Cossye and Selye in Midnapore and 240 square miles chiefly in the Ghatal subdivision were inundated. Relief Committees composed of officials and non-officials did good work in relieving the distress. In addition to Rs. 35,861 advanced as agricultural loans Rs. 33,500 was distributed in relief, of which Government contributed Rs. 20,000. Floods in August in Burrir Char in Hatiya in Noakhali carried away many houses and cattle.

Weather conditions were generally favourable in Western Bengal but unfavourable in most of the districts in Northern Bengal and in the Chittagong Division. The outturn of the jute, tea and aus crops was on the whole satisfactory, but winter paddy proved unsatisfactory in some areas for various reasons.

The wages of skilled and unskilled labour continued to rule high and the labouring classes fared comparatively well. Though the prosperity of the large labour population of the mill areas in the 24-Parganas district received a temporary set-back from widespread strikes, 80 lakhs of rupees were remitted through post-offices from the mill areas in the Barrackpore subdivision. The agriculturists were, however, affected by the fall in the price of jute and food crops generally, and their indebtedness increased particularly for the reason that the cultivators recklessly borrowed money at a very high rate of interest in order to marry their children before the Sarda Act came into operation.

Public health on the whole was good but unsatisfactory in the Burdwan Division and the Nadia district. It is noteworthy that Government, the district boards and the union boards did much to remove the scarcity of good drinking water by excavating tanks and sinking tube-wells.

Cholera and small-pox became epidemic in some places. Kala-azar and Beriberi were prevalent in several districts. It is, however, satisfactory to note that the value of anti-cholera inoculation and of vaccination are now appreciated even in remote villages, and that the people are gradually becoming alive to their duties in regard to the preservation of public health.

3. Economic conditions did not materially alter during the year under report and there was no appreciable improvement in the coal industry in the Burdwan district. The production of tea in the districts of Darjeeling and Jalpaiguri was a little greater than in the previous year but the prices were low. The tea industry maintained its prosperity in Chittagong. Although the crop was good, the market being dull, jute could not be sold at economic prices and there was accumulation of stocks in many places. Owing to frequent strikes, the jute and cotton mills in Hooghly and the 24-Parganas did not do so well as in the previous year.

Modern methods of cultivation by motor tractors and steel ploughs were attended with success in the Rajshahi

Division. Internal communication in many districts has been facilitated by the rapid growth of motor traffic, though roads have deteriorated in consequence.

4. The current demand of land revenue was Rs. 2,99,87,395 and collections were 90·08 of the total demand. As usual the Sale Law was administered without rigour and only 9·44 per cent. of the total number of defaults resulted in sale.

5. There was a slight fall in the cost of management of Government estates, the percentage of cost on the current demand being 9·49 against 10·5 in the preceding year. A sum of Rs. 2,21,986 representing 3·9 per cent. of the total collections was spent on agricultural, sanitary and miscellaneous improvements, while a grant of Rs. 96,096 or 1½ per cent. on collections from Government estates was made to the district boards of the province for expenditure on roads and communications in or leading to Government estates.

The Board has approved in principle of a scheme to improve collections in the 24-Parganas Government estates by reducing the pay of the tahsildars by about one-third and giving them commission on collections.

In Government estates in several districts encouraging results were obtained from agricultural demonstrations with sugarcane, Kakya Bombay jute, paddy, English vegetables, improved potatoes, tobacco and with implements and manures, and instruction was given in matters such as preservation of fodder crops and destruction of insect pests. Agricultural exhibitions and cattle shows were held in several places.

Another batch of five *bhadralok* youths have been undergoing training at the Faridpur Agricultural Farm, and the five previously trained were provided with land and money in the year under report. Some khas lands were also settled with *bhadraloks* in Bakarganj, Noakhali and Midnapore for opening agricultural or dairy farms.

The number of schools and the pupils attending them in Government estates increased by 128 and 7,635, respectively, during the year under review.

6. Of the twenty-two estates with an area of 178 square miles comprised in the Bakarganj colonisation scheme, only one estate with an area of 5,889 acres remained to be colonised at the end of the year. The colonisation of the 24-Parganas Sundarbans which was in its fifteenth year made fair progress during the year. The total sum advanced by Government for reclamation in the 24-Parganas and Bakarganj Sundarbans and the total income derived from these areas up to the end of the year under report, were Rs. 22,03,449 and Rs. 27,99,045, respectively, resulting in a net profit of Rs. 5,95,596.

The general health of the people of the Bakarganj Sundarbans was good during the year and the school-going population is steadily increasing; but the material condition of the people showed no improvement. In the 24-Parganas Sundarbans the health of the people was bad and there was no noticeable progress in education.

7. The zemindars showed very little interest in the improvement of agriculture or the economic condition of their tenants. It is regrettable that the communal riots in the districts of Dacca, Mymensingh, Bakarganj, Faridpur and Khulna have affected the relations between Hindu landlords and Muhammadan tenants.

8. Thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the branches of work under it.

By order of the Governor in Council,

H. C. V. PHILPOT,

Secy. to the Govt. of Bengal (offg.).

Resolution on the sixty-eighth annual report of the Government cinchona plantations and factory in Bengal for the year

GOVERNMENT OF BENGAL.

Revenue Department.

Cinchona.

CALCUTTA, THE 11TH DECEMBER 1930.

RESOLUTION—No. 14621Cin.

Read—

The sixty-eighth annual report of the Government cinchona plantations and factory in Bengal for the year 1929-30.

Read also—

The reports of the previous three years.

Mr. C. C. Calder held charge of the office of Superintendent throughout the year.

2. The proposal for the introduction in the Bengal Cinchona Department of a commercial system of accounts referred to in the resolution on the report for the year 1928-29 has been dropped as it involves large extra expenditure.

3. The area under cultivation at the end of the year was 2,877 acres. Extensions comprising 130 acres in the Mungpoo plantation, and 56 acres in the Munsong plantation, were carried out during the year under review.

4. The continued prevalence of the nursery epidemic at present overshadows all other plantation considerations at Munsong. Further experiments in the disinfection of nursery soils and sites have not pointed to any easy specific for the disease, but it appears that it was premature to say that a plant once attacked was doomed. Subsequent experience seems to indicate that very early planting to permanent situations in the field before the condition becomes epidemic in the nursery may lead to the prevention and cure of the disease and give the solution to a problem that is of immense importance to cinchona in the whole district.

The effect of various degrees of nursery shade is being tested and experiments are being made to ascertain whether the time of sowing affects the virulence of the attack.

The outstanding facts of the year are that the disease persists and that a good measure of success has been attained in spite of it. Its presence at Mungpoo has also been established, but there it is not epidemic and does not show itself till after the plants have passed the nursery stage.

5. The quantity of Bengal bark harvested in the year of report was 1,130,402 lbs. against 1,041,827 lbs. in the previous year. It is satisfactory that the results of coppicing have been fairly successful and that the major part of the harvest in Mungpoo plantation was obtained by coppicing three eight-year-old blocks.

6. Altogether 1,109,863 lbs. of dried bark was used in the factory during the year. Of this, 1,060,656 lbs. represents Bengal bark and the rest Java and Burma bark belonging to the Government of India.

7. Bengal bark produced during the year 29,050 lbs. crude quinine sulphate, approximately 13,000 lbs. purified quinine sulphate converted to 4,919 lbs. tablets and 79,297 boxes of treatments, and 726 lbs. other quinine salts. The purified sulphate powder cost in the bark Rs. 4·83, and to extract Rs. 2·71, a total of Rs. 7·55 per lb. Other products were 15,681 lbs. cinchona febrifuge powder and 4,347 lbs. cinchona febrifuge tablets.

From the Java and Burma bark 2,090 lbs. of quinine sulphate and 932 lbs. of cinchona febrifuge powder were extracted for the Government of India.

8. The total expenditure of the department during the year including pensionary charges was Rs. 4,16,096. The net receipts, excluding Rs. 29,648 due to the Jail Department for distribution charges and Rs. 5,717 from land rent, grazing fees, etc., not credited to the department and including Rs. 20,437 being the payment for extraction work done for the Government of India, amounted to Rs. 6,08,302. The expenditure and receipts were thus lower by Rs. 829 and Rs. 55,952, respectively, than in the preceding year. Reduced receipts are due partly to decrease in sales, which are however higher than in 1927-28, and partly to a fall in the manufacture for India which accounts for Rs. 23,054 of the reduction. There has been a further increase in stocks and, for the reasons explained in last year's resolution, the difficulty of increasing distribution of quinine among the population for whose benefit it is intended, so long as the worldprice does not fall below its present level, still continues. The cinchona plantation and factory are however concerned with production, and in that respect the year was very successful. The profit balance on the year's working amounted to Rs. 4,53,972 exclusive of Rs. 20,437 received from the Government of India for work done during 1928-29. The profit includes a gain of Rs. 59,292 in the value of the cinchona plantations due to increase in quinine percentages.

9. The facts and figures contained in the report indicate that very satisfactory progress has been made by the Bengal Cinchona Department during the year under review. The Governor in Council is pleased to record his appreciation of the work that Mr. Calder has done for the department during the year. The thanks of Government are also due to Mr. G. E. Shaw, the Quinologist, and other officers of the department, particularly Mr. H. Thomas, for the good work done by them.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette* and that a copy with a copy of the report be submitted to the Government of India.

Khan Bahadur Asaduzzaman.....*Petitioner*,

versus

Mr. Mahmud Suhrawardy.....*Respondent*.

The humble petition of Khan Bahadur Asaduzzaman.

MOST RESPECTFULLY SHEWETH:

1. That your petitioner was a candidate at the last election held on the 18th September last for electing a member to the Council of State from the West Bengal Mahomedan Constituency and your petitioner claims to have had a right to be returned at the aforesaid election.

2. That your petitioner states that the election was held on the 18th September, 1930, when your petitioner and Mr. Mahmud, Suhrawardy, the respondent, were the candidates and the Returning Officer has returned Mr. Mahmud Suhrawardy as being duly elected.

3. That your petitioner prays that the votes recorded may be scrutinized and recounted as your petitioner has been informed and believes that a certain number of votes have been recorded on Ballot papers issued to persons who are dead or are absent from the Province. Your petitioner, by a series of petitions which are on the file of the Returning Officer drew the attention of the Returning Officer to the fact that a number of Ballot papers had been issued to dead persons and to some persons absent from the province; that some of these Ballot papers might have been delivered to other persons and were likely to be used for recording votes and requested him to scrutinize the Ballot papers with reference to the inner counterfoils to see whether any votes had been recorded on Ballot papers issued to such persons.

4. That your petitioner further states that four voters whose names were recorded twice over in the Electoral Roll had two Ballot papers each delivered to them. Your petitioner drew the attention of the Returning Officer to this fact by a petition with a prayer to scrutinize the Ballot papers to see whether votes were recorded by any of the voters on both the Ballot papers issued to him, or whether any other persons had recorded votes on Ballot papers issued to such voters. Your petitioner believes that in some cases the signatures on the Ballot papers were made in characters not known to the Attesting Officer or the Returning Officer and your petitioner submits that the signatures should be read by persons able to read the script to ascertain whether the signatures are of the voter himself or of some other person signing on his behalf. This fact was also brought to the notice of the Returning Officer by a petition filed before the day of counting.

5. That your petitioner was personally present at the time of counting of the votes and drew the attention of the Returning Officer to the facts above stated at the time and requested him to scrutinize the Ballot papers by reference to the counterfoils but the Returning Officer refused to do so.

6. That your petitioner states that the counting of the votes was not carefully and properly done by the Returning Officer as required by the rules and regulations for while the counting of the votes was proceeding the Returning Officer did not give his whole attention to the work but did other office work at the time such as signing drafts which were brought in by peons and clerks during the time. Further, the counting of the votes for Mahomedan and the Non-Mahomedan constituencies was done on the same date. The Attesting Officers had, in many cases, sent the Ballot papers for both constituencies in the same big covers with the result that in several cases the Ballot papers for both the constituencies were mixed up. For this reason the Returning Officer after counting the votes for the Mahomedan constituency opened the Ballot papers for the Non-Mahomedan constituency to find out whether they contained any Mahomedan votes. Your petitioner believes that in the confusion thus created the counting was not properly done.

7. That all the Ballot papers were not counted by the Returning Officer. The Ballot papers in favour of Mr. Mahmud Suhrawardy were counted, partly by the Returning Officer and partly by his Personal Assistant, Babu N. K. Roy. The Ballot papers in favour of your petitioner were counted by two assistants in the Commissioner's Office. Your petitioner prayed that the Ballot papers might be recounted by the Returning Officer but he declined to do so.

8. That after the counting of the two sets of Ballot papers, the Returning Officer proceeded to open the covers of the Non-Mahomedan Ballot papers and when he had finished opening those papers he forthwith declared the result by announcing Mahmud Suhrawardy elected.

9. That in the above circumstances your petitioner prays that the votes may be scrutinized and recounted and if on such recounting your petitioner is found to have obtained a majority of votes your petitioner may be declared to be elected instead of Mr. Mahmud Suhrawardy.

10. That your petitioner further submits that the election of Mr. Mahmud Suhrawardy is liable to be declared void and he is liable to be declared disqualified as a candidate on the grounds hereinafter stated.

11. That the election of the respondent has been procured or at any rate the result of the election has been materially affected by corrupt practices hereinafter stated in greater detail and a list of which is annexed hereto.

12. That the Ballot papers signed by the Hon'ble Mr. Justice Suhrawardy (Voter No. 154, Calcutta) was not closed by him but the marked and signed voting paper was left open on the table of the attesting officer, Mr. Shoilash Chandur Banerji, Munsiff of Howrah, where it was seen by other persons. This fact was brought to the notice of the Returning Officer by a petition made by your petitioner before the date for counting. Your petitioner submits that the omission of the voter to close his voting paper and leaving it open in the hands of the attesting officer vitiated the vote and the Returning Officer ought to have rejected the Ballot paper.

13. That the petitioner has been credibly informed that the respondent personally carried a Ballot paper marked and signed by Shamsul-Ulema Khan Bahadur Hedayet Hossein (Voter No. 82, Calcutta) which he shewed to several persons to induce them to give their votes. Your petitioner submits that the Ballot paper of the aforesaid voter is liable to be rejected on the ground that there was no secret voting as required by the rules. This fact was also brought to the notice of the Returning Officer as soon as your petitioner came to know of it, by a petition.

14. That in the following cases the respondent or his agent or some other person directly interfered with the free exercise of the right of vote by the voters:—

(*a*) The two blank Ballot papers of Prince Sultan Mirza whose name appears twice on the Electoral Roll (Calcutta Nos. 155 and 132) were taken away from him without his consent by the respondent with the result that the said voter was not able to record his vote. Your petitioner is not aware whether any votes have been recorded and submitted on those Ballot papers, but if they have been submitted they are not the votes of the voter in question and are liable to be rejected.

This fact was brought to the notice of the Returning Officer by the voter himself and your petitioner.

(*b*) The blank Ballot paper of Yakub Musaji Saleji (Voter No. 140, Calcutta) was similarly taken away without his consent by the respondent with the result that the aforesaid voter was prevented from exercising his vote.

This fact was brought to the notice of the Returning Officer by the voter himself as well as by the petitioner.

(*c*) The respondent with his brother Dr. Abdulla Suhrawardy by force and undue influence coerced Mr. Syed Erfan Ali (Voter No. 67, Calcutta) to vote for Mr. Mahmud Suhrawardy.

(*d*) The respondent placed a man on guard at the house of Khorshed Sardar at Mug Kalyan.

15. That in the following case the respondent or his agents or persons acting with his connivance attempted to interfere with the free exercise of the rights of voters to vote:—

(*a*) When Mr. Fazlul Haq (Voter No. 69, Calcutta) was signing his Ballot paper in the presence of the Attesting Officer, Mr. Abdulla Suhrawardy came and tried to induce him to vote for the respondent by undue pressure.

16. That the votes of the following voters are found to have been recorded although, as a matter of fact, those persons were absent from the Province on the dates on which they are said to have been attested. Your petitioner believes that those votes were recorded by false personations at the instance of the respondent or his agents or by other persons with the connivance of the respondent who, as well as his agents, were well aware that those voters were absent from the Province:—

1. Khoyi, H. A. M., Voter No. 91, District Calcutta.
2. Khoyi, H. M. Baker, Voter No. 92, District Calcutta.
3. Shirazi, M. M. K., Voter No. 147, District Calcutta.
4. Yakub C. Ariff, Voter No. 42, District Calcutta.

17. That your petitioner further submits that the return of election expenses filed by the respondent is false in not including the following particulars:—

(*a*) Expenses incurred from the 11t September, 1930, till the declaratio of the election result.

(*b*) Some of the expenses incurred by th respondent and persons interested i him during the election period.

(*c*) The price of the Election Expense Re turn Form.

(*d*) The cost of stationery, typing, post age, incurred in sending letters t voters.

(*e*) The cost of pamphlets about the re pondent's works in Council of Stat alleged to have been published b Babu Kshitish Chandra Chakravarty B.L., Pleader, Midnapore, in connec tion and for the purpose of the res pondent's election.

18. That your petitioner has deposited th sum of Rupees One Thousand in the Govern ment Treasury at Calcutta and a receipt fo the amount is filed herewith.

19. That your petitioner submits that th respondent having submitted his return o election expenses on the 11th September 1930 before the counting of votes and the declara tion of the result of the election and th result having been declared only on the 18t September last, your petitioner is compelle to file this petition under the rules withou having had time to ascertain the full fact about the corrupt practices of the respondent. Your petitioner therefore craves leave to add to and amend this petition by adding further details which may come to your petitioner's knowledge later on.

Wherefore your petitioner prays:—

1. That it may be determined that the said Mahmud Suhrawardy was not duly elected or returned and that your petitioner was duly elected and ought to have been returned.
2. That Mr. Mahmud Suhrawardy be declared disqualified for being a candidate on account of his corrupt practices and illegal acts.
3. That in the alternative, a scrutiny of the Ballot papers be held and upon such scrutiny being made the votes recorded be recounted and the result declared accordingly.

I, Khan Bahadur Asaduzzaman, solemnly affirm that the facts stated in paragraphs 1, 2, 5, 6, 7, 8 and 18 are true to my knowledge and that the facts stated in paragraphs 3, 4, 11, 12, 13, 14, 15, 16 and 17 are true to my information which I verily believe to be true.

(Sd.) ASADUZZAMAN

(KHAN BAHADUR).

The 22nd September, 1930.

List of alleged illegal and corrupt acts.

Interfering with freedom of voters:—

(*a*) Taking away two Ballot papers belonging to Prince Sultan Mirza Md. Reza Ali Bahadur (Voter Nos. 155 and 132, Calcutta) by the respondent.

(*b*) Taking away a Ballot paper belonging to Yakub Musaji Saleji (Voter No. 140, Calcutta) by the respondent.

(*c*) Coercing Mr. Syed Erfan Ali (Voter No. 67, Calcutta) in voting for the respondent on the 8th September before Mr. N. N. Gupta, 1st Municipal Magistrate, Calcutta, by the respondent and his brother.

(*d*) Attempt to induce Mr. A. K. Fuzlul Huq (Voter No. 69, Calcutta) not to vote for the petitioner while he was about to exercise his vote in presence of Attesting Officer, Mr. S. C. Sen, Collector of Calcutta, at 3 Charnock Place.

) Successfully preventing Khorshed Sardar (Voter No. 2, Howrah) from voting by placing a man on guard at his house at Mug Kalyan on the 10th September by the respondent.

) By exhibiting marked Ballot papers of Shamsul-Ulema Khan Bahadur Hedayet Hossein (Voter No. 82, Calcutta) to various people.

) By saying to Prince M. M. Babar (Voter No. 54, Calcutta) as well as to his relations that he would use his influence, as well as those of his relations and friends in the High Government offices to secure for him a higher political pension by Dr. Abdulla Suhrawardy, brother of the respondent during the voting period.

2. False return of election expenses:—

(*a*) Non-inclusion of expenses incurred from 11th September, 1930, till the declaration of the election result.

(*b*) Non-inclusion of some of the expenses incurred by the respondent and persons interested in him during the election period.

(*c*) Non-inclusion of the price of the election expense Return Form.

(*e*) Non-inclusion of the cost of pamphlets about the respondent's works in the Council of State alleged to have been published by Babu Kshitish Ch. Chakravarty, B.L., Pleader, Midnapur, in connexion and for the purpose of the respondent's election.

3. Corrupt acts:—

Filing the election expense return and declaration without waiting for the publication of the result of the election as presumed by the rules with a view to stiffle election petition and thereby escape the consequences of corrupt practice perpetuated by the respondent. Date: 11th September, 1930. Place, 3, Charnock Place.

I, Khan Bahadur Asaduzzaman, solemnly affirm that the facts stated in paragraphs 1, 2 and 3 above are true to my information which I verily believe to be true.

RESOLUTION.

New Delhi, the 6th December 1930.

No. F.-37-V. R.-II.—In their Resolution No. F.-37-V. R.-II, dated the 10th March 1930, the Government of India announced that they had decided, with the approval of His Majesty's Secretary of State for India, that the rate of interest on deposits and also on balances at the credit of subscribers to the General Provident and other similar Funds on the 31st March 1930 should be increased from 4¾ to 5 *per cent.* with effect from the 1st April 1930, and stated that a further Resolution explaining the change in the method of calculating the rate would be published in the course of the financial year.

2. In the past the rate of interest has been changed at intervals when variations in the rate of interest obtainable on Government rupee securities indicated that changes were necessary and the rate fixed on each occasion has been based on principles the application of which has, in the opinion of the Government of India, produced an equitable result. Hitherto, however, the Government of India have not adhere to any precise method of calculating the rate of interest, and it has recently been felt that the most satisfactory course for all concerned would be to prescribe a definite formula by which the rate should be recalculated annually.

3. The Government of India have therefore decided, with the approval of His Majesty's Secretary of State for India, that the rate of interest during each financial year shall be the average redemption yield, during the five calendar years immediately preceding, of all Government of India rupee loans with an unexpired term exceeding five years, the average being rounded off to the nearest quarter *per cent.* In future, therefore, the rate of interest on deposits and balances at the credit of subscribers to the Provident Funds mentioned in Resolution No. F.-37-V. R.-II, dated the 10th March 1930, will be calculated according to this formula early in each calendar year; and the rate so determined will be published in the Gazette of India to take effect from the beginning of the following financial year.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 2815L.—20th December, 1930.—The following report of the Select Committee on the Bengal State Aid to Industries Bill, 1930, with the Bill as amended by the Committee is hereby published for general information :—

REPORT OF THE SELECT COMMITTEE ON THE BENGAL STATE AID TO INDUSTRIES BILL, 1930.

We, the members of the Select Committee of the Bengal Legislative Council, to which the Bengal State Aid to Industries Bill, 1930, was referred by a motion carried in the Bengal Legislative Council on 13th August, 1930, have the honour to submit this our report with a copy of the Bill, as amended by us, annexed. All matter omitted by the Select Committee has been enclosed in square brackets, and all new matter inserted has been underlined.

1. The Bill was published in English in the "Calcutta Gazette" on 7th August, 1930.

2. The Committee met for the first time on 22nd August, 1930, and finished detailed consideration of the Bill at meetings held on 10th and 11th November, 1930.

3. We do not consider that the Bill has been so altered as to require republication.

4. We recommend that the Bill as amended be passed by the Council.

5. The following are the principal changes made in the Bill :—

Clause 15.—Specific provision has been made for obtaining an explanation from the Board before action is taken against it under this clause.

Clause 16.—The addition has been made in order to enable the Local Government to utilize the advice of the Board on miscellaneous matters connected with the administration of the Act, and in particular before taking action under clause 25.

Clause 19.—The Committee considered that fifty per cent. of the net value of the assets of an industrial undertaking was the limit to which the amount of a loan might safely be extended, and that twenty years was an excessive period for repayment in the case of loans made on such security as machinery which is specially liable to depreciation from wear and tear and obsolescence. A term of twenty years has been retained as the maximum period for repayment of loans secured upon land and buildings.

Clause 21.—The Committee disapproved of the principle of discrimination contained in sub-clause (*b*) of the first proviso and have replaced it by the condition that Government should be satisfied with the composition of the Board.

Clause 23.—The Committee considered that the amounts to be set aside for depreciation and for the building up of a reserve fund should be more definitely indicated.

Clause 26.—The last sentence is unnecessary in view of clauses 24 and 28.

Joint minute of dissent by Mr. H. R. Norton, M.L.C., and Mr. W. H. Thompson, M.L.C.

We are of opinion that clause 19 (*1*) (*c*) should be omitted for the following reasons:—

(1) Ordinary shares in concerns which require State aid are not sufficiently good security for Government's money.

(2) It is one thing for Government to lend its money to such a concern, but quite another for it to become a share-holder with a share of the responsibility for the management or mismanagement. The latter is undesirable.

(3) By taking up shares at the time of issue to the public Government would be encouraging the public to invest in what it knows to be a concern unable to stand on its legs.

Minute of dissent by Maulvi Abdul Hamid Shah, M.L.C.

I sign this Report subject to the only point of dissent noted below:—

The object of the Bill is to obtain Statutory power to enable State aid to be given mainly for the purpose of encouraging cottage industries and industries on a small scale, and clause 21 (*a*) (*i*), (*ii*) and (*iii*) has been inserted therein for giving effect to the aforesaid object of the Bill; and it is obvious that the rural areas of Bengal would be much benefited by the introduction of this Bill. But the constitution of the Board of Industries as embodied in clause 3 of the Bill provides for only one member from among the non-official members of the Bengal Legislative Council while four from the four different mercantile associations of this metropolis. My humble suggestion was that at least three members should be taken from among the non-official members of the Council, but which was, for want of proper support in the sitting of the Select Committee, rejected.

Minute of dissent by Rai Badridas Goenka Bahadur, C.I.E., M.L.C.

I regret that no financial provision has been made in the Bill for carrying out its purposes when it is passed into law. When some time ago a similar Bill was circulated for opinion, some of the most important public bodies representing Indian Commercial and Industrial interests strongly urged the necessity of making adequate financial provision in order that the Act might really serve the purpose for which it was intended. In view of the fact that the resources at the disposal of the transferred departments are not sufficient to meet their requirements, I am afraid, it is futile to expect that State aid to industries will be ensured merely by giving power to the Government to grant State aid, as this Bill purposes to do. I have therefore always held the view that a fund should be gradually built up by setting apart every year a certain sum either from the Revenue Account or from the Loan Fund and that this fund should be earmarked solely for helping forward the development of industries and that this allotment should not lapse at the end of the year. The annual disbursement in the beginning should of course be less than the annual allotment. If this is done, it will be possible to have a fund of a large size in the course of a few years and to give the assistance which the industries of the country really require. I understand that in the absence of any financial provision, the result of the working of similar Acts in other provinces has been far from satisfactory. This has confirmed me in the view I have expressed above and I feel I cannot too strongly emphasise the need of creating a fund for giving State aid to industries.

Minute of dissent by Khan Bahadur Maulvi Alimuzzaman Chaudhury, M.L.C.

Provided further that every recipient of State aid shall make such provision for the training of apprentices as may be prescribed.

Inspection and returns.

22. The owner of any industry— [*Cf.* B. & O. Act VI of 1923, s. 11.]

(*i*) when an application has been made for State aid to such industry; or

(*2*) No dividend shall be paid to shareholders and no profit shall be taken by the owner in excess of such percentage rate upon the amount of the paid-up capital invested in the industry as the Local Government may fix from time to time, during the continuance of State aid to the industry.

Methods of recovery of money due.

24. All arrears of monies payable to the Local Government under this Act, including any interest chargeable thereon and costs, if any, incurred, shall be recoverable as an arrear of land revenue.

Power to Local Government to terminate aid on account of fault.

25. If the Local Government decides for reasons to be recorded in writing to terminate aid in respect of an industry on any of the following grounds, namely:—

(*i*) that any portion of the aid given has been misapplied, or

(*ii*) that there has been a breach by the owner of the industry of the provisions of this Act or of any rule made thereunder or of any condition of the grant, or

(*iii*) that the application on which the aid has been granted contained, or was accompanied by, any material statement by the owner which he knew to be false, or any intentional concealment by him of any material fact, which in the opinion of the Local Government it was his duty to disclose, or that any such false statement or concealment was intentionally made in any inquiry made under this Act by or with the connivance of the owner or in any return under this Act, or in reply to any requisition for information under this Act, or

(*iv*) that the industry is being managed in such a manner as to endanger the repayment of the value of State aid granted thereto repayable under this Act,

the Local Government may make an order that the aid be terminated and, notwithstanding anything contained elsewhere in this Act or in any other enactment, may proceed to recover from the owner as an arrear of land revenue—

(*a*) the whole amount of any loan outstanding, together with such interest as may be due thereon, or

(*b*) in cases where the aid is given otherwise than by loan, the money value of the grant as fixed at the time when it was made, together with interest at a rate not exceeding twelve and a half per cent. from the date of the grant till the date of realisation, and

The Bengal State Aid to Industries Bill, 1930.

(Clauses 26—31.)

(*c*) in the cases mentioned in clause (*a*) or clause (*b*) the cost of recovery, and, if the Local Government so directs, the cost of any inquiry made in connection therewith,

and such order shall be final.

Fees.

26. The Local Government may charge in respect of applications, inquiries, inspections and audit by whomsoever made under this Act, such fees, if any, as may be prescribed. [Arrears of such fees shall be recoverable from the owner as a public demand.]

Supervision of assisted industry.

27. During the continuance of State aid to an industry in any of the forms specified in clauses (*a*), (*b*), (*d*) and (*e*) of sub-section (*1*) of section 19 the Local Government may, by appointing directors or inspectors, or otherwise, take such steps as it deems advisable so to control the conduct of the industry as to safeguard the interests of the Local Government therein.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 17th December 1930.

First Forecast of the Spring Oilseed Crops of Bengal, 1930-31.

(NOTE.—On an average of the five years ending 1928-29, the area under linseed in Bengal has represented some 3·4 per cent. and that under rape and mustard 11·3 per cent. of the total areas under these crops in British India.)

Explanatory.—Three forecasts are issued for the spring oilseed crops. The present one deals with the area sown and the condition of the crops.

Area sown.—Oilseeds are principally grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 901,900 acres this year as against 854,600 and 868,300 acres, respectively, in the corresponding and final forecasts of last year.

Character of the Season.—The rainfall in September and October, though a little deficient, was adequate for the preparatory tillage and sowings of the crops which took place generally in the normal time. In November, on the other hand, the rainfall was excessive and was harmful to the growth of the crops in some districts especially in Bogra, Pabna, Faridpur and Bakarganj. The present condition is reported to be satisfactory on the whole.

R. S. FINLOW,

Director of Agriculture, Bengal.
